

# FIRE SAFETY

For You and Your Family

*Plan Your Escape Now!*

During a fire, deadly smoke and flames spread quickly through a home. Does your family know how to escape quickly and safely when the fire alarm sounds? Because smoke can quickly confuse and disorient you, get out immediately when a smoke alarm sounds! Having a home escape plan may someday save your life.

## ***Make a Home Escape Plan***

- Draw a floor plan of your home.
- Mark **2 ways** out of every room.
- Choose a **meeting place** a safe distance from the house.  
Examples include a tree, mailbox or lamppost.
- Be sure escape routes are clear & doors & windows open easily.
- Have smoke alarms in each bedroom & on each level of the home.
- Be sure your house number is **clearly visible** from the road.

## ***Use Your Plan***

- **Review** the Plan with family and guests.
- Have a **fire drill** twice a year so everyone can practice.
- Once you are out, **stay out!**
- Call **9-1-1** from your meeting place or a neighbor's house.
- If someone is missing, tell the fire department when they arrive.
- Test your smoke alarms once a month.
